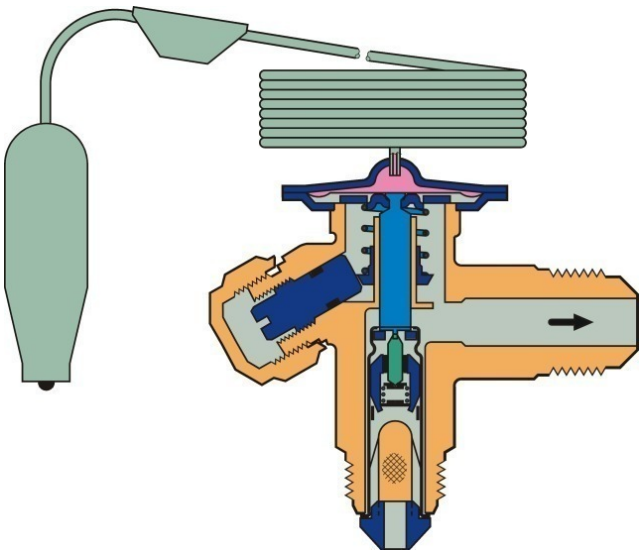
RSD
REFRIGERATION SUPPLIES DISTRIBUTOR

MES-31

TXV, Superheat, & Subcooling



RSD is hosting a class on the basics of metering devices used in the HVAC industry how they function. We will also cover the basics of superheat and subcooling, how to take the measurements and how to understand what they mean when diagnosing a unit. Technicians will walk away with a better understanding of TXV's superheat and subcooling and how to apply it.

SPACE IS LIMITED!

- Wednesday, February 24th, 2027
- 8:00am to 10:00am at the Gilbert branch
- Presented by Todd Soltero of RSD
- Breakfast will be provided
- Cost: $20 per person / No refunds for absentees
