

SAFETY DATA SHEET

	1. Product and Company Ident	ification		
Product identifier	Pan-Spray (Black) (4296-51)			
Other means of identification	Not available			
Recommended use	Coating			
Recommended restrictions	None known.			
Manufacturer	Nu-Calgon			
Manufacturer	2611 Schuetz Road			
	St. Louis, MO 63043 US Phone: 314-469-7000 / 800-554-5499 I	Emergency Phone:		
	1-800-424-9300 (CHEMTREC)			
	2. Hazards Identification	n		
Physical hazards	Flammable aerosols	Category 1		
,	Gases under pressure	Liquefied gas		
Health hazards	Skin corrosion/irritation	Category 2		
	Serious eye damage/eye irritation	Category 2		
	Germ cell mutagenicity	Category 2		
	Carcinogenicity	Category 2		
	Reproductive toxicity (the unborn child)	Category 2		
	Specific target organ toxicity, single exposure	Category 3 narcotic effects		
Environmental hazards	Not classified.			
OSHA defined hazards	Not classified.			
Label elements				
e i i i				
Signal word	Danger			
Hazard statement	Suspected of causing cancer. Suspected of damaging the unborn child.			
	Suspected of causing genetic defects.			
	Causes skin irritation.			
	Causes serious eye irritation. Extremely flammable aerosol.			
	Contains gas under pressure; may explode if	heated.		
	May cause drowsiness or dizziness.			
Precautionary statement				
Prevention	Obtain special instructions before use. Do not and understood.	handle until all safety precautions have been read		
	Wash thoroughly after handling.			
	Keep away from heat/sparks/open flames/hot	surfaces No smoking. Do not spray on an open		
		ntainer: Do not pierce or burn, even after use. e when using this product. Use only outdoors or in a		
	well-ventilated area.			
	Wear protective gloves/protective clothing/eye			
Response	If exposed or concerned: Get medical advice/a If on skin: Wash with plenty of water. If skin irr			
	Specific treatment (see this label). Take off co	ntaminated clothing and wash it before reuse.		
		eral minutes. Remove contact lenses, if present and		
	easy to do. Continue rinsing. If eye irritation per If inhaled: Remove person to fresh air and kee			
	center/doctor if you feel unwell.	,		
Storage	Store locked up.			
	Protect from sunlight. Do not expose to tempe Store in a well-ventilated place.	ratures exceeding 50°C/122°F.		
	Keep container tightly closed.			
Disposal	Dispose of contents/container in accordance v	with local/regional/national/international regulations.		

Not applicable.

Supplemental information

3. Composition/Information on Ingredients

Mixture

hemical name	Common name and synonyms	CAS number	%
Acetone		67-64-1	10 - 30
Heptane		142-82-5	10 - 30
Methane, oxybis-		115-10-6	10 - 30
Toluene		108-88-3	10 - 30
Distillates, petroleum, steam-cracked, polymers with light steam-cracked petroleum naphtha		68410-16-2	5 - 10
Isobutane		75-28-5	5 - 10
Propane		74-98-6	5 - 10
2-Propanol, 1-methoxy-, acetate		108-65-6	1 - 5
Quaternary ammonium compounds, bis(hydrogenated tallow alkyl) dimethyl, salts with bentonite		68953-58-2	1 - 5
2-Pentanone, 4-methyl-		108-10-1	0.1 - 1
Carbon black		1333-86-4	0.1 - 1

Composition comments

US GHS: The exact percentage (concentration) of composition has been withheld as a trade secret in accordance with paragraph (i) of §1910.1200.

	4. First Aid Measures
Inhalation	If inhaled: If breathing is difficult, remove person to fresh air and keep comfortable for breathing. Call a poison center/doctor if you feel unwell.
Skin contact	If on skin: Wash with plenty of water. If skin irritation occurs: Get medical advice/attention. Specific treatment (see product label). Take off contaminated clothing and wash it before reuse.
Eye contact	If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/attention.
Ingestion	In the unlikely event of swallowing contact a physician or poison control center. Rinse mouth. Do not induce vomiting. Never give anything by mouth if victim is unconscious, or is convulsing. Obtain medical attention.
Most important symptoms/effects, acute and delayed	Symptoms may include stinging, tearing, redness, swelling, and blurred vision. Skin irritation. May cause drowsiness or dizziness. May cause redness and pain. Prolonged exposure may cause chronic effects.
Indication of immediate medical attention and special treatment needed	Provide general supportive measures and treat symptomatically. Keep victim under observation. Symptoms may be delayed.
General information	Ensure that medical personnel are aware of the material(s) involved, and take precautions to protect themselves. IF exposed or concerned: Get medical advice/attention. Show this safety data sheet to the doctor in attendance. Do not puncture or incinerate container. Do not store at temperatures above 49°C. Keep away from sources of ignition. No smoking.
	5. Fire Fighting Measures
Suitable extinguishing media	Foam. Carbon dioxide. Dry chemical.
Unsuitable extinguishing media	Water. Do not use water jet as an extinguisher, as this will spread the fire.
Specific hazards arising from the chemical	Contents under pressure. Pressurized container may explode when exposed to heat or flame. Coo containers with flooding quantities of water until well after fire is out. Firefighters should wear a self-contained breathing apparatus.
Special protective equipment and precautions for firefighters	Firefighters should wear full protective clothing including self contained breathing apparatus.

containers from fire area if you can do so without risk. In the event of fire and/or explosion do not

Fire-fighting

Specific methods

breathe fumes.

Conorol fire hozarda	Extremely flammable aerosol.			
General fire hazards Hazardous combustion	May include and are not limited to: Oxides of carbon.			
products				
Explosion data				
Sensitivity to mechanical impact	Not available.			
Sensitivity to static discharge	Not available.			
	5. Accidental Relea	se Measures		
Personal precautions, protective equipment and emergency procedures	spill/leak. Wear appropriate protecti damaged containers or spilled mate breathing gas. Ventilate closed space	Keep out of low areas. Keep people away from and upwind of ve equipment and clothing during clean-up. Do not touch arial unless wearing appropriate protective clothing. Avoid ces before entering them. Local authorities should be advised if ained. For personal protection, see section 8 of the SDS.		
Methods and materials for containment and cleaning up	Refer to attached safety data sheets and/or instructions for use. Eliminate all ignition sources (no smoking, flares, sparks, or flames in immediate area). Keep combustibles (wood, paper, oil, etc.) away from spilled material. Stop leak if you can do so without risk. Move the cylinder to a safe and open area if the leak is irreparable. Isolate area until gas has dispersed. Prevent entry into waterways, sewer, basements or confined areas. Following product recovery, flush area with water. For waste disposal, see section 13 of the SDS.			
Environmental precautions	Prevent further leakage or spillage if safe to do so. Do not contaminate water. Avoid discharge into drains, water courses or onto the ground.			
	6. Handling and	l Storage		
Precautions for safe handling	and understood. Do not handle, stor ignition. Protect material from direct after use. Do not use if spray buttor other incandescent material. Do not Do not cut, weld, solder, drill, grind, of ignition. All equipment used wher containers. Do not breathe gas. Avo eyes, skin and clothing. Avoid prolo appropriate personal protective equ	se. Do not handle until all safety precautions have been read re or open near an open flame, sources of heat or sources of sunlight. Pressurized container: Do not pierce or burn, even is missing or defective. Do not spray on a naked flame or any smoke while using or until sprayed surface is thoroughly dry. or expose containers to heat, flame, sparks, or other sources handling the product must be grounded. Do not re-use empty bid contact during pregnancy/while nursing. Avoid contact with nged exposure. Use only in well-ventilated areas. Wear ipment. When using, do not eat, drink or smoke. Wash hands industrial hygiene practices in handling this material.		
Conditions for safe storage,	Level 1 Aerosol.			
including any incompatibilities	ner. Protect from sunlight and do not expose to temperatures cture, incinerate or crush. Do not handle or store near an open ion. Store in a cool, dry place out of direct sunlight. Store in a om incompatible materials (see Section 10 of the SDS). Keep

Appropriate engineering controls	Good general ventilation (typically 10 air changes per hour) should be used. Ventilation rates should be matched to conditions. If applicable, use process enclosures, local exhaust ventilation, or other engineering controls to maintain airborne levels below recommended exposure limits. If exposure limits have not been established, maintain airborne levels to an acceptable level.
Individual protection measures,	such as personal protective equipment
Eye/face protection	Wear safety glasses with side shields (or goggles).
Skin protection	
Hand protection	Rubber gloves. Confirm with a reputable supplier first.
Other	Wear appropriate chemical resistant clothing. As required by employer code.
Respiratory protection	Wear positive pressure self-contained breathing apparatus (SCBA). Where exposure guideline levels may be exceeded, use an approved NIOSH respirator.
Thermal hazards	Not applicable.
General hygiene considerations	When using, do not eat, drink or smoke. Always observe good personal hygiene measures, such as washing after handling the material and before eating, drinking, and/or smoking. Routinely wash work clothing and protective equipment to remove contaminants.

8. Physical and Chemical Properties

	0. Thysical and Onemical Troperties
Appearance	Spray
Physical state	Gas.
Form	Aerosol
Color	Black
Odor	Solvent
Odor threshold	Not available.
рН	Not available.
Melting point/freezing point	Not available.
Initial boiling point and boiling range	Not available.
Pour point	Not available.
Specific gravity	0.81 - 0.85
Partition coefficient (n-octanol/water)	Not available.
Flash point	Not available.
Evaporation rate	Not available.
Flammability (solid, gas)	Not applicable.
Upper/lower flammability or exp	olosive limits
Flammability limit - lower (%)	Not available.
Flammability limit - upper (%)	Not available.
Explosive limit - lower (%)	Not available.
Explosive limit - upper (%)	Not available.
Vapor pressure	55 - 65 psig
Vapor density	Not available.
Relative density	Not available.
Solubility(ies)	Not available.
Auto-ignition temperature	Not av ailable.
Decomposition temperature	Not av ailable.
Viscosity	200 - 250 cP
Other information	
Flame extension	> 100 cm
Flammability (flash back)	No
	9. Stability and Reactivity
Reactivity	This product may react with strong oxidizing agents.
Possibility of hazardous reactions	Hazardous polymerization does not occur.
Chemical stability	Stable under recommended storage conditions.

Conditions to avoid	Do not mix with other chemicals. Aerosol containers are unstable at temperatures above 49°C (120.2°F).
Incompatible materials	Oxidizers.
Hazardous decomposition products	May include and are not limited to: Oxides of carbon.

10. Toxicological Information

Inhalation. Ingestion. Skin contact. Eye contact.

Ingestion	Expected to be a low ingestion hazard.			
Inhalation	Prolonged inhalation may be harmful. May cause damage to organs by inhalation. Narcotic effects.			
Skin contact	Causes skin irritation.			
Eye contact	Causes serious eye irritation.			
Symptoms related to the physical, chemical and toxicological characteristics	Symptoms may include stinging, tearing, redness, swelling, and blurred vision. Skin irritation. May cause redness and pain. Symptoms of overexposure may be headache, dizziness, tiredness, nausea and vomiting.			
Information on toxicological effe	ects			
Acute toxicity	Narcotic effects.

The information in the sheet was written based on the best knowledge and experience currently available. Information contained herein was obtained from sources considered technically accurate and reliable. While every effort has been made to ensure full disclosure of product hazards, in some cases data is not available and is so stated. Since conditions of actual product use are beyond control of the supplier, it is assumed that users of this material have been fully trained according to the requirements of all applicable legislation and regulatory instruments. No warranty, expressed or implied, is made and supplier will not be liable for any losses, injuries or consequential damages which may result from the use of or reliance on any information contained in this document.

Issue date	27-February-2015
Effective date	28-February-2015
Expiry date	28-February-2018
Further information	For an updated SDS, please contact the supplier/manufacturer listed on the first page of the document.
