

# Intro to HV600 Drives

RSD is hosting an intro to HV600 HVAC drives training with Yaskawa. The course will offer a a general understanding on keypad use, initial setup, real-time clock, and navigating menus over the Yaskawa HV600 drive model. You will also learn about diagnostic tools, backing up parameters, modifying parameters/fault-logs, auto-tuning, and use and features of the Drive Wizard software.

**SPACE IS LIMITED!**

- Tuesday, May 7th, 2024
