

Low GWP Refrigerants

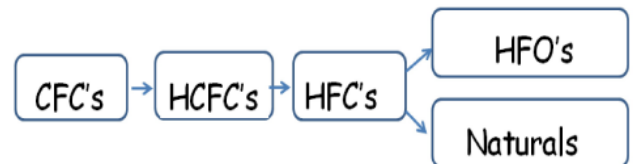

A2L Regulations, AC Best Practices, Ref Rollout

State and Federal regulations are now in place to phase down/phase out the use of high GWP HFC refrigerants. These regulations will impact new systems, on going service and retrofits. This class will introduce you to the next generation of A1 - A2L & Natural Refrigerants and their adoption in AC, Heat Pumps, Chillers, and Refrigeration.

2 CLASSES IN 1!
