

Inverter Installation & Diagnostics

RSD is hosting a Bosch Inverter Installation and Diagnostics technical training. Bosch instructors will be covering proper installation techniques to avoid any start-up issues and unit failures. Technicians will learn how to navigate through the user interface to set up and diagnose troubleshooting along with any maintenances. Technicians will receive service manuals and a quick start guide to assist them in the field.

TECHNICAL DEMO!

- Tuesday, May 20th, 2025
- 8:00am to 12:00pm at the Stockton branch
- Presented by Ken Smith of Bosch
- Lunch will be provided
- Cost: \$35 per person / No refunds for absentees
