

Counter Day Viper

RSD is hosting a Viper Counter Day event. Product experts will be in attendance to educate you on all systems, latest product innovations, and programs they have to offer, including how they work and where you can find success with each product. Products like the Viper coil and condenser cleaner, WetRag putty, Heatshield blanket, and full lineup of HVAC/R maintenance solutions. This is an opportunity to have any questions you may have answered about Viper products.
