TUC-30

Air Flow Troubleshooting Basics

RSD is hosting an Airflow trouble shooting basics training. We will discuss airflow diagnostic issues and perform hands-on measurements using some of the basic tools for airflow. Technicians will walk away with a better understanding on how to measure static pressure and gain the ability to use the tools to take the measurements correctly.

SPACE IS LIMITED!

- Thursday, February 11th, 2027
- 8:00am to 10:00am at the Tucson training center
- 2055 E 19th St., Tucson, AZ
- Presented by Todd Soltero of RSD
- Light breakfast will be provided
- This is a free event
