Honeywell SAFETY DATA SHEET Genetron® 407C 00000009894 Version 2.7 Revision Date 06/04/2014 Print Date 05/28/2015 **SECTION 7. HANDLING AND STORAGE** Handling Handling : Handle with care. Avoid inhalation of vapour or mist. Do not get on skin or clothing. Wear personal protective equipment. Pressurized container. Protect from sunlight and do not expose to temperatures exceeding 50 °C. Follow all standard safety precautions for handling and use of compressed gas cylinders. Use authorized cylinders only. Protect cylinders from physical damage. Do not puncture or drop cylinders, expose them to open flame or excessive heat. Do not pierce or burn, even after use. Do not spray on a naked flame or any incandescent material. Do not remove screw cap until immediately ready for use. Always replace cap after use. Advice on protection 2 The product is not flammable. against fire and explosion Can form a combustible mixture with air at pressures above atmospheric pressure. Storage Requirements for storage Pressurized container: protect from sunlight and do not expose areas and containers to temperatures exceeding 50 °C. Do not pierce or burn, even after use. Keep containers tightly closed in a dry, cool and well-ventilated place. Storage rooms must be properly ventilated. Ensure adequate ventilation, especially in confined areas. Protect cylinders from physical damage. ACATION & EVROUNDE CONTROL O/DEDOONAL DROTEOTION

SECTION 8. EXPOSURE CON	TROLS/PERSONAL PROTECTION
Protective measures	 Do not breathe vapour. Do not get in eyes, on skin, or on clothing. Ensure that eyewash stations and safety showers are close to
